

Professionally managed, gender-specific recovery housing, *preparing to serve Metro Atlanta.*

Harborstone provides professionally managed recovery housing designed to help adults strengthen stability, accountability, healthy routines, personal growth, and independence. Harborstone is currently accepting inquiries from prospective residents, families, referral professionals, and community partners.

WHO HARBORSTONE SERVES

- Adults age 18 and older committed to recovery
- People who need a safe, structured, substance-free environment
- Transitions from treatment or another structured setting
- People rebuilding after housing instability, or adding accountability before independent living

RESIDENTS SHOULD EXPECT

- Written house expectations, consistently enforced
- Curfews, drug and alcohol testing, house meetings
- Peer-support participation and accountability check-ins
- Employment, education, or another approved productive activity

WHAT REFERRAL PROFESSIONALS CAN EXPECT

- Professionally managed homes with separate gender-specific residences
- Clear resident-fit expectations and individualized screening
- Responsive, respectful communication
- Respect for resident privacy, with consent-based updates to authorized referral sources
- No guarantee of admission or availability
